The sole leather was completely tunned in thirty-five days, and the kip, which was heavy, in eight Chechs, Bonds, Etc., days; and I desire to say, and embrace the opportunit to do so, in justice to you, that the system is clearly ounded on scientific principles; that the preparation fiber, and is most decidedly conductive to the production.

E. J. Park, Esq.: Permit me, sir, to tell you about FOR SALE. I supposed yours was a hot process, using a hot sore THE ENTIRE MATERIAL of our old office, conwhich I had fully tested, but which I found would not alsting of the answer the purpose. I was pleased to find that you desunced the hot come in tanning. I have used bark exusively, and I have tanned as good sole feather as ever I sold, in thirty days, by your process, with a (New), etc., etc. great deal less labor and with hearly one half less bark. After I get my hides haired and free of lime, and put hem he your first mixture, and then put the coze on, I

efore in a month. I don't want any better system than yours ; it will perform all and more than you claim or it. The kip which I now tan in ten days I need to \$2000 REWARD. work hard to get out in five months. I am please with it, and believe it will save bark enough and labor J. V. BRYCE.
